THE CAR PROJECT

STILL HANGING FIRE BUT PROSPECTS ARE NOT GOOD.

Unless More Encouragement is Met With by Monday Night Efforts to Locate the Plant Here Will be Abandoned.

"If we do not meet with anything more encouraging by Monday night we will give up the project. People do not seem to want any industries to come here. It is not because people are skeptical that the stock has not been secured, but rather because there is not enough general interest in the project."

This statement was made by C. A. Dougherty Friday night over the telephone to a News reporter, who made inquiries regarding the possibility of securing the Kimble Car works for Canton. It was believed that a deal would be closed up Friday night. For some reason it was not.

"We still have several people who are interested in the project, and some of these may decide to close up a deal within a day or two. We have not entirely lost hope, but prospects are not as bright for getting the concern here as they might be were more interest shown in the project," said Mr. Dougherty.

The Board of Trade as a body is now considered out of the deal entirely. The members have admitted they are unable to raise the necessary subscriptions. The success of the enterprise now depends upon the individual efforts of Mr. Dougherty, Treasurer Offenbacher and others, who have taken a decidedly active interest in the project.

Throughout the city the price of factory sites has been boosted considerably since it was known that the Kimble company wanted to locate here. Certain land owners have seen a chance to make a big profit on their lands and are endeavoring to take advantage of it. But there is plenty of land for sites, and the selection of one will not be a barrier should the necessary amount of money be forthcoming before Monday night.

WABASH BRANCH

Route Between Sherodsville and Carrollton May Be Changed.

Sherodsville, O., Feb. 9.—The surveying corps of the Wabash railroad who have been stationed here for the past two weeks, state that they have gone over the branch between Sherodsville and Carrollton, and the road bed will undoubtedly be considerably changed.

From Atwood to Sherodsville it will cut across country and in this manner a number of heavy grades and sharp curves will be eliminated. The hill south of Carrollton will be cut out, the track following the creek from Atwell's and connecting with the present track at the dip between town and the fair grounds.

Owing to the heavy amount of freight it is the desire of the road to handle the Cleveland business over this end and thereby relieve the congestion on the main line between Sherodsville and Navarre.

SMOOT'S COUNSEL

Expects to Introduce Testimony of a Sensational Character.

Washington, Feb. 9.—Counsel for Senator Smoot proposes to produce testimony of a sensational character when the hearings are resumed, in rebuttal of the statements of Mr. Smurthwaite, regarding the interference of the Mormon church in his salt business.

Smurthwaite, it is said, attempted to sell a majority of the Beck Salt Company's stock, in which he was interested, for \$80,000, but the Inland Salt Company, of which Joseph F. Smith was president, learning that the company had not expended more than \$12,000 refused to purchase.

It will also be claimed that after the Beck Company had authorized the sale of the property at 45 cents on the dollar, Smurthwaite visited Richard Taylor, owner of most of the stock, on his deathbed and ineffectually tried to get his stock at 25 cents on the dollar. He then attempted, it is alleged, to unite all the other salt interests against the Inland Salt Company, and this failing, a general rate war ensued. Several salt companies are now doing business and there is no monopoly.

LEAVES MINISTRY

REV. STRASSNER TO RESIGN AS PASTOR OF THE REFORMED CHURCH.

Will Make Future Home in Kentucky. To Discuss Resignation Sunday Night

Rev. F. Strassner, pastor of the South Market street Reformed church, announced Friday night, that he will tender his resignation Sunday night, to take effect April 15.

Rev. Strassner has been pastor of the church 10 years. He intends to retire from the ministry and make his future home at Frankfort, Ky. For some months Mrs. Strassner has been in poor health, and this is given by Rev. Strassner as his chief reason for resigning.

Sunday Rev. Strassner will discuss his resignation with his congregation. In the evening he will talk on "My Resignation—What It Means."

PROBATE JUDGE

Fred W. McCoy Assumes the Office in Carroll County.

Carrollton, O., Feb. 9.—Fred W. McCoy assumed the office of probate judge today noon, succeeding Robert E. McDonald, whose conduct of the office for the past six years has been marked by scrupulous and exact business methods, and who goes out of office leaving the affairs of the county in his department in splendid shape.

Judge McCoy, like his predecessor, Judge McDonald, is a native of the county, his father before him having served in county office a score of years.

Castor Baptized.

Columbus, O., Feb. 9.—Frank Castor, the Canton man who is waiting death by the electric chair, was baptized yesterday by Father Kelley. Castor will be executed April 6.

After waiting seven years for Charles H. Evans the son of the late Solomon Evans, to appear, the Methodist church, of Rochester, N. Y., becomes the beneficiary to the extent of \$28,933.47, under the will of the elder Evans, who died in July, 1898.

PUBLIC UPRISING

AGAINST RAILROADS ALARMS THE MAGNATES.

Action in Several States and Congress Drives Them to Desperation and Any Old Rate Bill Will Satisfy Now.

Washington, Feb. 9.—It is apparent that certain railroad interests have become alarmed over the decided anti-railroad agitation that is manifesting itself in Congress and in several states and that their friends in the senate have been appealed to settle upon the best rate bill they can get and get it before the senate for action.

It is said that the railroad interests at large have become astounded over the opposition that has developed to them throughout the country and that many of them realize that a disputed rate confront them if something is not done to allay the spirit of hostility. Some of the magnates believe that if they can get the members of the committee on interstate commerce of the senate together on a bill at once that it will stop the agitation that is each day growing stronger against what is characterized as "railroad lobbies" in various states.

The denunciation of the railroad trust in West Virginia by Governor Dawson in a letter to the senate; the passage of a resolution in Pennsylvania to investigate coal operating railroads, and the determination of many members of congress to secure an investigation of the illegal trust by the Pennsylvania, Baltimore & Ohio, Chesapeake & Ohio and Norfolk & Western have excited fear among the friends of railroads that a remorseless crusade against them is about to begin.

Chairman Elkins of the interstate commerce commission of the senate, who is believed to favor the railroads' interests, and Senators Clapp and Dooliver, who have been fighting for action, held a private conference of several hours this afternoon. It is believed a basis of compromise is being considered.

OUST DOLAN

Says President Legg of the Massillon District Miners.

Massillon, O., Feb. 9.—The struggle for supremacy by President Patrick Dolan of the miners' union of the Pittsburgh district, has brought out an interview from President Robert Legg, of the miners' union of the Massillon district, who declares Dolan ought to be ousted from the United Mine Workers of America. Legg said:

"I was a member of the scale committee and attended every session at Indianapolis. The miners' side of the scale committee rejected the operators' proposition by a unanimous vote. Patrick Dolan's vote included. But on the following day Dolan voted with the operators."
